Immersive experiences that bring innovation to life
Visit our Espoo Executive Experience Center to explore the full range of Nokia solutions for communications service providers, enterprises, partners, and governments.
Located at our global headquarters in Espoo, Finland, the Nokia Executive Experience Center is a unique presentation space that gives our visitors the opportunity to experience Nokia products and solutions through live, immersive demos.
When you visit the EEC – whether in-person or virtually – you can explore the full range of Nokia technology solutions available in the market today and learn how you can use them to address your key challenges and advance your most important business initiatives. Whether you’re a communications service provider (CSP), enterprise or Nokia partner, the EEC gives you a front-row seat for discovering the technology solutions that will help you move your business forward. During your visit you’ll enjoy the EEC’s inviting and comfortable environment, which features traditional Finnish décor and materials and proudly showcases artifacts from our company’s history, including nine Nobel prizes won by scientists working at Nokia Bell Labs, the world-renowned research arm.

**EEC fast facts**

- Located at our global headquarters in Espoo, Finland
- Hosts more than 250 customer and partner visits every year, over 4,000 visitors every year
- Immersive live demos of Nokia products and end-to-end solutions for communications services providers (CSPs), enterprises and partners
- Fully equipped with the latest productivity and collaboration tools
- Connect with Nokia executives and subject matter experts from all technology areas
- Flexible facilities that can accommodate groups of various sizes
- State-of-the-art audio visual equipment to support virtual and hybrid visits
Welcoming CSPs, enterprises and partners

The EEC showcases Nokia products and solutions across our entire portfolio and includes live, hands-on demonstrations in every technology area that illustrate the latest use cases. From fixed and wireless access networks to IP and optical networks to industry-specific private wireless solutions, the EEC gives you the opportunity to experience the benefits of Nokia technology first-hand in a real-world network environment – whether you’re a service provider, enterprise or Nokia partner.

In advance of your visit, our team will work with you to curate a personalize EEC visit to help you capitalize on opportunities in your market, accelerate innovation, grow your revenue, speed time to market and advance your strategic initiatives. Whether you’re planning an executive review meeting or a technology deep dive with our global subject matter experts, we will work closely with you to ensure you get the most from your visit.
In-person, virtual and hybrid engagements tailored to your unique needs

Featuring a live, end-to-end Nokia network and equipped with the most advanced audio-visual equipment available, the EEC has the flexibility to accommodate your unique requirements. Whether you’re looking to arrange an in-person, virtual or hybrid visit, our dedicated EEC architects can work with you to make it happen.
